## DRIVE FOR MEMORIAL COMMUNITY CENTRE FUND IS UNDER WAY

The Didsbury Branch of the Canadian Legion is sponsoring the organization and authorizing in connection with the Didsbury Community Centre and the campaign for funds opened this week. The objective of this campaign has been placed at \$20,000 and it is felt that if the residents of town and country appreciate the efforts of our men and girls who have sacrificed their lives to protect loved ones at home, they will in turn do something to perpetuate the memory of those who paid the supreme sacrifice. That something can be a donation to the Community Centre Fund.

It is felt that it would be in proportion to living memorial such as the Community Centre plan for Didsbury, the sponsors have taken into consideration the benefits that will accrue to the boys and girls of the armed forces who have returned to our midst, and the help of property rights, facilities in bringing up the families of these veterans in the years ahead.

The Memorial Centre Fund should receive the financial support of every resident of Didsbury and District. The money donated will be for a worthy cause, and the benefits will be for the whole community.

Didsbury needs a community hall, but it needs more than just four walls and a floor. It needs a hall with gymnasium equipment to help build the bodies of the boys and girls of this community; a place that can be used for a rest house for returning men and their families when they visit town; a building in which public meetings can be held as well as private gatherings of district and town organizations.

When the canvassers call on you for a donation to the Memorial Centre Fund, give as much as you possibly can. Remember, it will take 200 donations of \$100 each to raise the necessary funds. Some will give more, some will give less. But if everyone gives all he or she can possibly spare the drive will be a success.

## MRS. CHAS. BROWN OF RUGBY DISTRICT DIES NOVEMBER 9

Mrs. Charles (Amy Elen) Brown died at her home in the Rugby district on Saturday, November 9th, at the age of 79 years.

Born in Seven Oaks, Kent, England, Mrs. Brown came to Cochrane 37 years ago, and moved to the Rugby district in 1904. She was a member of St. Cyprian's Anglican church in Didsbury and of the Southern Alberta Oldtimers' Association.

Surviving are her husband, Charles; two daughters, Mrs. A.F. Fraley of Pilot Rock, B.C., and Mrs. Wallace Galway; two sons, Charles Jr. and Albert, both in the Rugby district; seven grandchildren and three great-grandchildren.

Funeral services were held Wednesday afternoon, November 13th at 2 p.m. from Knox United Church, Didsbury, with Rev. F.C. Mussell officiating. Pallbearers were Ed Parker, Bruce Hunter, Percy Hoggood, J.H. Robertson, Allan Vipond and Jas. Hughes.

Interment was made in Didsbury cemetery with Didsbury Funeral Home in charge of arrangements.

## LOCAL NEWS ITEMS

Local Stauffer had the misfortune to lose his car by fire Tuesday night, the engine having overheated and the anti-freeze exploded. The car was almost a total loss and no insurance was carried.

The annual meeting of the A.F.U. will be held in the hall at Park Hill on Wednesday, November 20th. A full attendance of members and all others interested is requested.

Our garage is made the full length of the building, since getting a new mechanic who is fast and has good references.—Cassidy's.

Miss Enith Hunsperger has left the Hillside Grocery store and her place has been taken by Miss Gladys Luft.

Mrs. O.W. Stauffer visited in Edmonton last week with her daughter, Mrs. Stewart.

Born at the Didsbury Hospital to Mr. and Mrs. R. Milne on Friday, November 8th, a daughter.

## ALASKA RESIDENT VISITS

Mr. J.J. Tully, who left Didsbury about 25 years ago, and who has spent the past 14 years in Alaska, was a Didsbury visitor last week. He came out of the north country last June and after spending the past few months in the States, is on his way back to Alaska. While in Didsbury he visited his sister, west of town, and other acquaintances.

A carpenter by trade, Mr. Tully came to the district in 1912 and farmed here for nine years. He likes Alaska and has some property in Anchorage.

## THRESHING IN DIDSBURY DISTRICT NOW COMPLETED AND CROP WAS GOOD

While the fine weather was somewhat marred last Friday by a light skiff of snow, the two weeks before the wintry mantle covered the ground was all that was needed to enable all farmers in the district to complete their fall harvest operations and the district's crop has been exceptionally good.

The Didsbury district and what has been termed the best crop in history. No frost or hail damage was reported in the trading area of the town, and while loss of grade was experienced due to the unusual fall weather, the large yields more than offset the loss. The condition of much of the late harvested grain. Yields were good, some farms threshing 50 bushels of wheat and 100 bushels or more out to the acre. Others were not so fortunate, but the crop was good and the price better than for a good many years.

Hay crops were normal and most stockmen report an abundance of hay for the winter ahead.

## WEDDINGS

REMPMEL—DYCK

The marriage of Sarah Ann, daughter of Mr. and Mrs. A.B. Dyck of Didsbury, to Mr. Cornelius Rempp of Calgary, took place at the M.B.C. church, Didsbury, on Tuesday evening.

Entering the church on the arm of her father, the bride wore a gown of white sheer, a finger-tip veil and carried a shower bouquet of talisman roses and spray mums. Her attendants were her two sisters, Mrs. Ernest Misner and Miss Mary Rempp. The bride was a matron of honor, wore pale yellow over taffeta and carried white and maple baby mums. The bridesmaid Margaret Dyck, wore pale blue sheer and carried pink carnations. Mr. Ernest Misner attended the groom, and Mr. P.B. Fraser and Mr. Alvern Swain acted as ushers.

Receptions were held at the home of the bride's parents.

## PARTIAL ECLIPSE OF SUN SATURDAY, NOVEMBER 23

A partial eclipse of the sun is scheduled to appear November 23 shortly after sunrise, announced Dr. A.W. Campbell, head of the Canadian Astronomical Society in Edmonton.

The eclipse will begin at 8:25 a.m. M.S.T. and last until 10:28 a.m. and at the maximum the moon will cover 31 per cent of the sun's surface. It will begin at the top rim of the sun and work across to the left edge where it will disappear.

## REGULATIONS AFFECT BIG GAME IN LOCKER PLANTS

Mr. J.W. Wordie, manager of the local Crystal Dairy plant in Didsbury has announced that the following excerpts from the Alberta Game Act will be partially understood by his game hunters who have game animals to place in any locker plant in the province.

"No person shall receive into cold storage big game or game birds killed or taken elsewhere in the Province of Alberta, unless a permit is issued for the shooting of such game."

"No person shall receive into cold storage the flesh of any big game or game bird killed or taken in the Province of Alberta between the hours of 140 days and 150 days from the date fixed for the closing of the open season in any year and the next following date fixed for the commencement of the season for the hunting of such game or birds."

## BROWER FAMILY LEAVE TO RESIDE AT SUNDRE

Wallace Brower, well-known Palomino horse breeder and one of the directors of the Alberta Palomino Horse Association, reports his auction sale last Thursday was quite successful. On account of poor weather Wallace is unable to sell his herd until next spring.

Reverend A.H. Hough, Councillors C. F. and H. Roeder, and tax-trimmers A. Brusso were appointed delegates to attend the annual convention of the Alberta Association of Municipal Districts to be held in Calgary on Nov. 18, 19 and 20.

George Young was appointed treasurer to the association and the secretary was instructed to arrange for the annual meeting to be held in the Lions Hall, Didsbury.

Secretary-treasurer A. Brusso reported that up to the end of October 48% of the current taxes and 42% of the previous year had been paid.

Reports received from the Council showed that a large number of the graveline program had been completed in the municipality and that crews were finishing up at Cremona, west of Didsbury, Hartmann, Mayton and Crossfield areas. It was hoped that graveling would commence this week east of Carstairs.

George Young was appointed to the work of the Society.

Reverend A.H. Hough, Councillors C. F. and H. Roeder, and tax-trimmers A. Brusso were appointed delegates to attend the annual convention of the Alberta Association of Municipal Districts to be held in Calgary on Nov. 18, 19 and 20.

## PARTIAL ECLIPSE OF SUN SATURDAY, NOVEMBER 23

A partial eclipse of the sun is scheduled to appear November 23 shortly after sunrise, announced Dr. A.W. Campbell, head of the Canadian Astronomical Society in Edmonton.

The eclipse will begin at 8:25 a.m. M.S.T. and last until 10:28 a.m. and at the maximum the moon will cover 31 per cent of the sun's surface. It will begin at the top rim of the sun and work across to the left edge where it will disappear.

The minutes of the last meeting were adopted as read, and the following motions were elected for the coming session:

President: Donald Robertson; Vice President: Tom Swanay; Secretary, Donald Blair.

Mr. Hugh McPhail, district agriculturist, they gave a short talk on the club work for the benefit of the new members.

The meeting decided that the club committee should visit members before November 21st, to see that all calves were in and being fed.

It was also decided that the calf sale would be held the first part of June.

The Didsbury Lions Club invited all members and parents who took part in Club activities last year to a banquet in their hall in Didsbury on November 21st.

At the close of the meeting a delicious lunch was served by Mrs. Alice Blain assisted by Mrs. Henry Lund and Miss Harvey Hosgood.

The next meeting will be held at the Henry Loft home on December 30th, at 2 p.m.

## CAPACITY CROWD AT THE LEGION CONCERT

The Opera Theatre at Didsbury was crowded to capacity on Monday night of this week when town and country residents gathered to enjoy the Concert staged by the young people under auspices of the Legion of the Canadian Legion.

Rev. D. Whyte Smith was chairman for the evening and the following program was carried out.

O Canada. One minute silence.

Vocal Selection: Betty Bowman.

Recitation: Red Cross Poem.

Vocal Selection: Ernest Clarke.

## A Tribute To Canada

**THE MANNER IN WHICH PEOPLE** of many races have come to this country and lived together in peace and harmony as Canadian citizens, stands as an example of what could be accomplished on a much larger scale among the nations of the world. Canadian culture has been said to be an amalgamation of all the best, which has been brought together by people from other lands. In Canada our prejudices of language and class barriers have been overcome, while much of the finest in music, art and other forms of expression in many divergent races has combined to benefit the cultural life of this country. Among all ranks of Canadians, statesmen, professional men, educators and those engaged in various forms of the arts, are outstanding citizens whose racial origins go back to all parts of the Old World. Regardless of this, they work together, as citizens of Canada, for the welfare and advancement of the nation.

### Is An Example To The World

The latest tribute of this kind came from the Right Honorable Viscount Addison, British Secretary of State for the Dominions, who recently made an extensive tour of Canada. During this tour, Lord Addison addressed audiences in a number of centres and on each of these occasions he advocated what leading statesmen of all nations are now urging, namely that the interests of the United Nations be held above those of individual states and groups of people, in the cause of an enduring world peace.

### The War Taught Need For Unity

Lord Addison emphasized the fact that the war has taught the people of the world the value of unity as a basis for lasting peace. In this connection he said: "All the great projects of which we could make progress and are going so far as they possibly allow, are only possible on one condition, and that is that we have for a basis of every scheme, unity for the people. I believe every man in every country wants to be able to pursue his life free from the dread of war, and I know that every man that I think the lesson of Canada—in which large numbers of different races, preserving their own ideals and their own teachings and their own languages are living together in a great unity, is a lesson the world should learn." Canadians should be proud, indeed to stand as such an example for peaceful co-operation among people at this crucial period in world affairs.

### NAZI RICHES MAY BE USED FOR REPARATIONS

BERLIN.—The Allies may decide to use the private fortunes of the Nazis convicted by the war crimes tribunal as part of Germany's war reparations payments.

It was learned that this is one of two plans under consideration in Berlin. The second plan concerns a fund for the "victims of fascism."

Allied authorities also were reported considering whether to grant subsistence pensions to the widows and wives of the convicted Nazis.

### Tin Production

Will Be Some Time Before Output Exceeds Demand

London.—World tin production at some future date "likely" will exceed demand, Sir John Wilmet, minister of supply, predicted. He gave no estimate as to when output of tin would be greater than demand.

"Although present production is substantially below the level of world consumption," he told the world tin conference.

And when when it will be occasional crashes. Railroads have signal systems that look foolproof on paper, but now and again collisions still tear Pullmans in two lengthwise,

A great deal of costly development is still necessary before it can be adapted to the needs of commercial flying. Maybe a year from now it can be, say the knowledgeable but not necessarily wise.

And when when it will be occasional

crashes. Railroads have signal systems that look foolproof on paper, but now and again collisions still tear Pullmans in two lengthwise,

### POTATOES INCREASE

**Yields Of Sugar Beets, Dried Peas And Corn Also Higher**

OTTAWA.—Substantially increased yields of potatoes, sugar beets, dried peas, and corn, but a reduction in the output of alfalfa for the 1946 crop season was reported by the Dominion Bureau of Statistics in its first estimate of statistics on late crop production for the year.

The 1946 potato crop, the bureau said, was estimated at 47,000,000 hundredweight, and was substantially above the 36,000,000 hundredweight crop of 1945. Average yield was 60 hundredweight per acre, with New Brunswick having a top yield of 150 hundredweight per acre.

Quebec and Manitoba potato crops were lower this year than last, but the total 1946 Canadian crop is the largest since 1942, with the exception of the bumper 1945.

The commercial sugar beet crop for 1946 was 83,000 tons above the 1945 output, the bureau said. The increase was due not only to increased acreages, but above average yields.

Production of dry peas in Canada this year was estimated at 1,322,000 bushels, compared with 1,363,000 bushels a year ago. The alfalfa crop was reduced to 3,263,000 tons—617,000 tons less than a year ago.

### To Adopt Graves

**French People Encourage Those Of Fallen Canadian Soldiers**

Graves of Canadian servicemen in the Calvados district of Normandy should not lack for attention if the present plans of the Association Franco-Canadienne Bretagne are completed.

The information office of the French embassy in Ottawa has released details of a scheme whereby French communities are resident in France where ever cemeteries are located will adopt the graves of fallen Canadian soldiers.

They would be willing to look after the general maintenance of the graves, to keep them decorated with flowers and to send photographs. They are also willing to guide the visitors who may wish to travel to France to see the graves.

Whatever care they bestowed on the graves would be in addition to the care that is given by the employees of the Imperial War Graves Commission.

Those who are interested are requested to communicate with one of the following representatives, according to the district in which the grave is located.

For the Bony-sur-Mer cemetery, Mons Louis Merlin as Rue de l'Eglise, Courteilles-sur-Mer, Calvados.

For the Breteville-sur-L'Orne cemetery, Mons Duquenne, Louvigny, Calvados.

For isolated graves in the Calvados department, Mons Gaudu, 14 Rue du 20 Septembre, Caen.

The French government requested that full particulars of the deceased soldier should be sent together with the location of the grave and the request for adoption of that particular grave will be passed on to a French family.

### Not Always Reliable

Even If Radar Was Used Crash Would Still Occur

Commercial aviation's most disastrous crash (there have been much worse ones with military aircrafts) occurred when the plane hit Newfoundland hill.

Most airline accidents are a jaded similar, and the question arises as to why passenger aircraft don't carry radar. The answer says the Detroit Free Press is that radar, while wonderful, is by no means so practical as the enthusiasm of its publicizing has led the layman to believe.

A great deal of costly development is still necessary before it can be adapted to the needs of commercial flying. Maybe a year from now it can be, say the knowledgeable but not necessarily wise.

And when when it will be occasional crashes. Railroads have signal systems that look foolproof on paper, but now and again collisions still tear Pullmans in two lengthwise,

### GEMS OF THOUGHT

The first idea of method is a progressive transition from one step to another in any course.—Coleridge.

Method is not less requisite in ordinary conversation than in writing, provided a man would talk to make himself understood.—Addison.

Be methodical if you would succeed in business, or in anything. Have a work for every moment, and mind the moment's work.—W. Mathews.

Method facilitates every kind of business, and by making it easy makes it agreeable, and also successful.—C. Simmons.

The easiest way to do many things is to do only one thing at a time.—Cecil.

The poet's line, "Order is heaven's first law," is eternally true, so axiomatic, that it has become a truism; and its wisdom is as obvious in religion and scholarship as in astronomy or mathematics. — Mary Baker Eddy.

## NEW FASTER ACTING ROYAL DRY YEAST

Add New Fast Rising Royal to water. It starts working in 10 minutes!

### New Granule Form Saves Time! Saves Work Scores New Baking Success!

No fussing with "setting bread" the night before when you're tired and "not up to it." No risk of overnight baking failure because of temperature changes. New Fast Rising Royal lets you do your whole baking in a few hours in the daytime when you can watch the dough.

New Fast Rising Royal stays full strength, ready for use on your pantry shelf for weeks. Try New Royal Fast Rising Dry Yeast today. At your grocer's.

### Seek Uranium

Australian Scientific Expeditions Organized For Year

ADELAIDE, South Australia.—New deposits of uranium in South Australia are sought by scientific expeditions recently organized by the South Australia government for a three-year survey of the state's mineral resources.

These expeditions will make detailed surveys of existing deposits, the largest of which is near Mount Painter, in a treeless, waterless hill range, 400 miles north of Adelaide.

Under recent federal legislation known uranium deposits or any new ones that are located are automatically federal government property.

### FOOD FOR BRITAIN

MELBOURNE, Australia.—Weighted down with 10,800 tons of food for Britain, the British freighter Orkney drove more than water than the 33,000-ton British battleship King George V when she sailed recently. Thirty-four feet of her hull were below low water and only seven feet above.

### GROW BIG SQUASHES

BRANTFORD.—They grow them big around these parts—squashes, that is. Two exhibited at the Paris fall fair recently weighed 75 pounds each.

### BUGS BEST FLIES SAY DETROIT ENGINEERS

LOS ANGELES.—William B. Stout, engineer, has debunked the notion that birds were nature's best flies. He said bugs could fly circles around them.

Even the common house fly can fly better than a bird, Stout said.

"Did you ever see a bird that could land upside down on the ceiling?" he asked.

Stout, a Detroit consulting engineer, showed the Society of Automotive Engineers' national meeting his version of the ornocopter, a flapping-winged airplane built to fly like a bug.

Galleo looked at the moon with the first telescope used in astronomy in 1609.

### NOSEPRINTING DOGS

Similar to fingerprinting of humans, noseprinting of dogs for the purpose of identification is being practised. Dogs' noses all vary in shape, size and texture, and each makes a distinct ink impression or marking on paper. The noseprint is made on an identification card which the dog carries on his collar along with complete information that is useful in case the dog becomes lost or stolen.

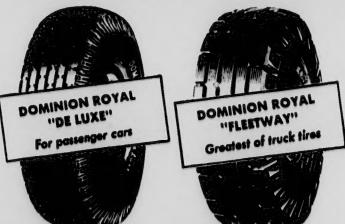

The most important right of a common person is the right to be uncommon.

### FARM ENVIRONMENT

Speaking on juvenile delinquency, Mr. Justice McFie referred to his own experience as a farm boy in Ontario. Describing the good environment which produced physical and moral fitness in youth, he said: "I do not recall that one of the young men in our neighborhood ever found himself in custody."

A good farm neighborhood still is the best place to develop characters well-balanced by genuine pleasures and essential work disciplines. City boys and girls have not learned how to begin to live at the time rural youths shoulder their own responsibilities.

### I AM INFLATION

(By EDNA JAQUES)

Thousands of people never recognize me. True, I have an ugly mug, but I disguise it in a thousand different forms of camouflage. Here's my favorite mask: it always goes over big with men.

More money to spend.

I chuckle every time I pull that one. It's old as the hills. I've been using it for hundreds of years. Every time there's war I pull it out of the bag, and it works every time. The catch in it is that in war there's no place to go. The market and people are willing to pay more to get what they want.

From then on—it's in the bag. Prices start to rise, everything from a dozen eggs to the price of a winter overcoat gets an upward slant and starts climbing. Butter, too, costs more.

The cost of living keeps rising like the tides of the sea. By the time it doubles everyone is feeling the pinch. The snowball is rolling and nothing short of calamity can stop it.

Remember after the last war, when Canada's cost of living went up 10% in July, 1920. I had the time of my life.

In this war I'm not having such a good time people are getting wise to me. For instance, in World War One, farmers chuckled when they got over \$2.00 for their wheat and big prices for their butter and eggs. They were so pleased with themselves that because of the high prices for farm stuff, the town folks had to get more for their goods in order to balance the thing.

In 1920, farmers were paying \$8 to \$12 for boots, \$60 to \$100 for a suit of clothes, \$7 and over for a new car, etc., etc., etc. Then they never linked the two—but wait! the price of Johnny's clothes were almost prohibitive as far as butter and egg money went. The only way mother could balance the books at all was by going without anything new herself, so in the long run, she came over the top, no matter where they lived.

Since this war, plenty of people are working for all they're worth to run inflation up, but folks are scared of me. I'm the two-headed monster that broke the country after the last war when the bubble burst and deflated.

They'll never forget that I'm the two-headed monster that sent nearly ten thousand decent hard working business men to the wall. I closed factories and shops from Halifax to Vancouver. I made hobbies out of nice boys, while girls' hobbies were working as maids, anything to keep a roof over their heads.

Farms are the "basic" industry of Canada. If eggs go to 90¢ a dozen like they did in 1920 the fellow who buys them in the city naturally has to have more wages. If inflation continues, as it is right now across the border—the little women has to ask friend husband for more household allowance and he goes to the boss—and there you are—a notch at a time. Like cots in a wheel that go round and round, and always have to come back to the starting point, the root of inflation.

The boss sees his company headed into the red—so he hits his consumer for more and he's added his two cents worth to the spiral, building up like the Tower of Babel—confusion, strikes, walkouts, sit downs, pickets—an unemployment.

An old weather-beaten farmer who had lived through four wars said, "It ain't the money we git that counts so much, it's what it will buy in return. A dollar today is worth less than an honest dollar's worth of goods—that's the real measure of a dollar, son, the real measure."

And I agree with the old man. Sometimes I wish my name wasn't inflation . . . it has such a mean sound.

### ODD PATENTS

Patents have been granted for a flashlight which is operated with a battery; "juice" is furnished by a small, enclosed generator operated by gears. A poultry bill opener which fits over the chicken's lower jaw and prevents it from picking feathers. From other oddities: Quick-frozen pies all ready to be baked in the home oven, and frozen coffee which only requires heating before serving.

Neither Rightists nor Leftists wants what's right. Neither will be satisfied with what's left.

### FARMING THE MOST DANGEROUS OCCUPATION

Of all broad classifications of human activity farming is the most dangerous to life and limb. This has been shown by statistics. It is important therefore that farm people should exercise every precaution. The greatest care should be taken to avoid all risks.

Farming is now largely a mechanical operation and has greatly increased the danger of accidents. Farm tasks are done by your farm machinery. Remember that the tractor is the most deadly implement on your farm. Simple precautions may save the machine or the death of a tractor operator.

### NEW VARIETIES OF WHEAT AND OATS

(By H.G.L. Strange)

A distinguished visitor called upon us the other day, Dr. H.C. Trumper, of the University of Adelaide, South Australia. He told us about a very wonderful new white wheat his Plant Breeding Institute had developed in Australia by the name of Warioo, which is resistant to all stem and leaf rusts, smut and mildew.

Canadian Plant Breeders, too, with the new wheats, Brigham and Resin are making great strides. Our Rust Research Laboratory at Winnipeg has developed also two new outstanding oats which are completely resistant to all present forms of stem and leaf rusts, smut and mildew. One is of nice grain and these new oats have other favorable qualities that will suit the farmer. One of these new oats is called R.L. 1272, and is a cross between Victory and R.L. 524. The other is called R.L. 1692, and is a cross between Victory and R.L. 524. In addition, the first of these new varieties will soon be accepted and licensed. Seed for general farm use, however, will not be available for a year or two.

What incalculable benefits farmers derive from our highly talented Plant Breeders. It is evident however that our Canadian Plant Breeders are making a tremendous contribution to the work of our own Canadian Plant Breeders so that we may keep one stride ahead of our alert competitors.

### KNOW YOUR POTATOES

Although we ourselves buy butter or eggs we are not of the grade, few seem to realize that potatoes should be purchased in the same way. There is considerable difference in quality among the grades of potatoes offered for sale.

The Alberta Department of Agriculture is co-operating with the Potato Marketing Board to improve the quality of potatoes appearing on the market, most of which will be designated Canada No. 1 or Canada No. 2. All potatoes packed must meet certain grade specifications established by standards. The reason why housewives should avoid discarded, damaged or misshapen potatoes which below minimum size. These defects are not legally permitted in any grade and should not be on the market. When you buy potatoes make sure that the grade is specified on the bag.

Don't fit in—fight on.

## YOUTH OF TOWN TO BE CONGRATULATED

Didsbury must be a model community as far as the young people are concerned. That is, if we take our northern neighbor as a bad example, as noted in an editorial in last week's issue of "The Olds Gazette." We quote:

"Hallowe'en night in Olds produced the worst results seen here in a good number of years. Streets in the residential part of town were effectively blocked with pug-wire fence, barrels, old auto bodies, trailers and what have you. Toilets in many instances had their doors ripped off after they had been upset."

While we rejoice with the people of Olds, we feel that the young people of Didsbury deserve great praise for curbing their activities on Hallowe'en and alleviating property owners from the anxiety that has often been experienced on past Hallowe'en nights.

Let us hope that our young people will continue to think of the citizens first when Hallowe'en rolls around again next year, and that the younger generation will follow in the footsteps of their older brothers and sisters and in the years to come share in the glory of a model town on Hallowe'en, created by the youth of Didsbury in 1946.

## NOW IT'S LIFE — OR DEATH

Competition, always the life of trade, is today a matter of life—or death. It is no longer competition just to see who can make the best mouse trap. It is more a competition to produce a sort of man trap—something that can catch the hearts and minds of millions and control the thinking and living of the world. If the wrong forces win this competition it will mean, not life, but death to trade. It will mean the end of our whole way of life and, for many of us life itself. For the heads will roll on a scale never before known in history.

Most of us realize the surrender of Germany and Japan did not end the struggle for world control—a struggle we still see going on in Paris. But most don't understand this struggle. We think it is just between nations—between the democracies and totalitarian powers. Between free enterprise and nationalization. Between the Fascist and anti-Fascist forces, as the Communists would have us believe. Or between management, labor and government for the control of business.

The real struggle, actually, is not over WHOM but over WHAT? What IDEAS are going to control the controllers? It is a struggle between the world's moral and spiritual forces and its materialistic forces—under the dictatorship of God on one hand and men on the other. Some foolishly think we can still escape control and go on living as we please. But that is impossible. Men uncontrolled are not men but beasts. And, unless we have the self-control that comes when God speaks to us in our hearts we will have the iron control of the human dictators.

Competing on the side of God means cutting out some of our present forms of competition at home in politics, in business, Moral and spiritual forces can only win the battle for control by taking up a moral and spiritual way of life, and proving to the world that it works better than any other.

S.S.M. Miller, nephew of Mr. and Mrs. Garner has arrived back from overseas and reports having visited Canada and found her quite settled in her new home.

Mr. and Mrs. E.T. Wiggins visited with Mr. Wiggins' sister from Winnipeg and went through Calgary and Banff on Wednesday evening on her way to the coast.

## WESTCOTT NEWS NOTES

Our heartfelt sympathy goes out to Mr. and Mrs. Adam Konschuh and family whose home was destroyed by fire last week and also to La Verne Konschuh who was burned in the fire and we wish him a speedy recovery.

Another family not so far away, and well known in the Didsbury district, had the same misfortune to lose all by fire recently. They are Mr. and Mrs. Glen Johnston of Cremona.

We are sorry to hear that the Burns family are quarantined for measles, Helen being the first victim. Don't feel badly, Helen; you'll be the first over them, too.

We saw the Wilenskin family moving their belongings to the old Dexter residence in the Garfield district last evening and we understand Mr. and Mrs. Gordon Ford are moving on to the place vacated by the Wilenskins' soon.

Mr. Linden Jacobson was a guest visitor one day last week.

Mr. and Mrs. Herbert Goettin were supper guests at the O. Thompson home on Sunday evening last.

Mr. J.F. Murr is spending a few days visiting with friends here prior to his departure for B.C.

Mr. and Mrs. Linden Jacobson had as their guests on Sunday last Mr. Leeland Jacobson from B.C., Mr. Peter Jacobson from Calgary, and Mr. and Mrs. Alfred Baudisch and Mr. Fred Murr.

We were sorry to hear of the passing of Mrs. Chas. Brown Sr. and extend our sympathies to the bereaved.

We understand a good number from the Westcott district took in the 10th Annual Thanksgiving dinner at the Creamer on Friday evening last and all report that it was really swell.

Don't forget the program and box social at Rugby hall this Friday, November 15th. Proceeds for the Adam Konschuh family.

On Sunday Wilfred and Vance Shields, Arnold Bode, Morris Wardrop and Jim Rouleau left for a week's hunt in the James River country west of Bearberry. Harold Wood also left last week for this area with a party of hunters.

Mr. Kitchener Blain is a patient in the Holy Cross Hospital, Calgary and his friends wish him a speedy recovery.

## :- NEWS OF THE DISTRICT :-

## BURNSIDE NEWS NOTES

The sympathy of the neighbors goes to Mr. Clarence Cipperley and family in their recent bereavement. Mrs. D. Rushmer of Rock Creek, B.C., returned to the district to attend several of her mother, Mrs. Cipperley.

Mrs. Thompson, an old neighbor of the family, and Mr. and Mrs. Walsh of Calgary also attended the funeral.

LAC Brian Page, stationed at Edmonton, is home on a week's leave, where he had the pleasure of meeting his old friend, who arrived from England and who is now living at Field, B.C., and who was also visiting at the Page home.

Bob McCulloch left Saturday to return to the oil fields at Brooks where he will join his brother, Leo, who is already there. Mr. and Mrs. Bob McCulloch will join her husband at Brooks in a few days.

A word has been received that Mrs. Schultz, who has been visiting at Danville, Penn, during the summer, is on her way home and will be accompanied by her son, Harold, his wife, Dorothy, and their two sons.

Mr. and Mrs. Cluney and family of Vancouver is visiting with her parents, Mr. and Mrs. P. Schumacher.

Sandy Brander has forestalled the rural electrification project by installing a wind electric plant on his farm. He is now waiting for the wind.

Now that threshing is practically over and the modern method of hauling has made it possible to have all, or nearly all the grain in the elevators, the farmers are showing signs of relaxing. No better illustration than seen at the wedding of Alan Hughes, who were held at Lone Pine Hall Friday last, "packed to capacity" failed to describe it, but "a howling success" would describe the enthusiasm that was shown by the numerous friends present.

We regret to report that Mr. Sprague's condition made it imperative to move him back to the hospital again.

**WESTERDALE NOTES**

Mr. and Mrs. Owen Rundle and children of Calgary are visiting from time to time the home of Mr. and Mrs. W. Herbert.

Mr. Elias McWherter of Elton visited for a few days last week at the home of Mr. and Mrs. A. Jackson.

A dance will be held in the Westerdale Hall Friday, November 15th. Details to be announced.

Mr. Bill Coleman spent a couple of days last week at the home of Mr. and Mrs. Ted Bolton.

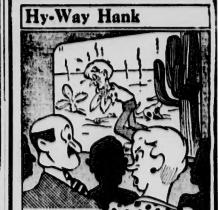

Mrs. Ed Phyllis of Olds is convalescing after an appendix operation at the home of her parents, Mr. and Mrs. W. Herbert.

Mr. and Mrs. Ted Peters and daughter spent the holiday weekend at the home of Mr. and Mrs. Briggs of Inverstall.

The Westerdale school children had two extra days holiday this week while their teacher, Mrs. Peters, attended her sister's wedding.

Mr. L. Jones is carpentering at the home of Mr. and Mrs. J. Cowie.

## FALLEN TIMBER NOTES

The chicken supper held by the Busy Bees in the Fallen Timber school house on Friday evening last was a success in every way and more than \$30 was raised. Bingo games were played and general good times was enjoyed by all.

Frank Dowler of Calgary is visiting in the bush for a few days. Fred Taylor of Innisfail and Gordon Cutforth of Calgary were visitors at the home of Mr. and Mrs. John Howton on Sunday.

Elias McWherter was in the neighborhood recently, having made his final visit to his friends prior to his departure to the United States.

The coyotes got one of Cliff Montgomery's sheep and Cliff shot two of the coyotes, so they are about even.

Mrs. Gue Teynor from the south east part of the province is visiting relatives here.

Rev. Mrs. Moore, Four Square Evangelist from Calgary, held her usual twice-a-month service in the Fallen Timber school house last Sunday.

Barry McMullan of Sylvan Lake is holidaying with his parents.

A wedding of interest to people of the Fallen Timber district took place at the home of Mr. and Mrs. Elmer Burns, near Carstairs, when their daughter Susie was united in marriage to Mr. Raymond W. Teynor of Elton. The ceremony was performed by Rev. Irving of Carstairs. During the evening of the wedding, Miss Elicie Burns, cousin of the bride, sang "Always."

The bride wore a beautiful dress of net over satin, floor-length with Juliette cap and finger-tip veil and carried a bouquet of white carnations. The bridegroom, Miss Jessie Burns, wore a floor-length gown of powder blue slipper satin and carried pink and white carnations.

The bride's mother was attired in a red crepe dress. For travelling the bride wore a turquoise crepe dress with matching belt hat, and a green coat with matching accessories.

A buffet luncheon was served to more than fifty guests and amid the congratulations and well-wishing the young couple departed on a short honeymoon.

Attending the bridal couple were Rev. Mr. and Mrs. W. Herbert and Miss Jessie Burns as bridesmaids.

Upon returning from their honeymoon Mr. and Mrs. Teynor will reside in the Fallen Timber district.

A dance will be held in the Westerdale Hall Friday, November 15th. Details to be announced.

Mr. Bill Coleman spent a couple of days last week at the home of Mr. and Mrs. Briggs of Inverstall.

The Westerdale school children had two extra days holiday this week while their teacher, Mrs. Peters, attended her sister's wedding.

Mr. L. Jones is carpentering at the home of Mr. and Mrs. J. Cowie.

You are cordially invited to come and see the samples of goods made in Alberta. The following firms will be showing exhibits, and we gratefully acknowledge their donations:

Didsbury Bakery, Imperial Dairy Ltd., Didsbury, Rockford Flour Mills, Didsbury, Rockford Lard, Didsbury Ltd., Logan Carmen Co., Lethbridge, Canadian Bakeries (4X) Calgary, Calgary Baking & Malting Co. Ltd., Taber Canning Co. Ltd., Taber, Lion Oil Limited, Calgary, Mrs. Bridgeman's Chocolates, Calgaro, Dominion Glass Co. Ltd., Redcliff, Bunting Flour Mills Ltd., Calgary, H.H. Cooper Ltd. "Blue Willow," Edmonton, Caldwell Knitting Co. Ltd., Calgary

Tea will be served from 3 till 6 p.m., and there will be a sale of home baking and fancy work, as well as the Alberta Made Samples.

Under Auspices of ST. CYPRIAN'S W. A.

## MELVIN NEWS NOTES

Mr. and Mrs. George Youngs spent the holiday week end in Edmonton visiting Clary and the Leppards.

Last Sunday evening fire destroyed the dwelling of Mr. and Mrs. Giesen, residents of the area. The clothes they were wearing.

Much sympathy is extended to them by old friends in this district. Under the auspices of the local Red Cross a wrist drive will be held Wednesday evening, November 13, at the hotel, with all proceeds to be used to aid the Johnston family.

Mr. and Mrs. T. Wilson of St. John's C.C., Mr. and Mrs. Ace Estler and family were dinner guests at Chandler's Sunday. Mrs. Wilson is a sister of Mrs. Chandler and Ace Estler, Mr. and Mrs. Frank Herbert's second wedding anniversary was celebrated Saturday. Guests were Mr. and Mrs. Leo Sanderman of Calgary, Mr. and Mrs. Henry Sanderman and family of Olds and Fred Sanderman of Three Hills.

Quite a number of friends from the district attended the wedding dance of Mr. and Mrs. Virgil Burkholder (nee Verla Sanderman) at Crowsnest on Friday night.

**MOUNTAIN VIEW NOTES**

Mrs. Dawson and Rex spent Sunday with Mr. and Mrs. W. Coates Jr.

Miss Marjorie Bruce visited with friends in Didsbury over the holidays.

Mr. and Mrs. Louis Kohut, Annie and Leo, were in the district over the week end.

Mr. Schultz and boys were dinner guests at the John Bruce home Monday evening.

We welcome Mr. and Mrs. Gilmore to the district. They have purchased the O.A. Ausenhaus place.

Mr. and Mrs. Walter McCauley were Sunday guests at the Otto Bittner home.

Mr. John Kohut finally got his phone installed.

Miss Mary Remple was home for the holidays.

#### B.C. RUSHING ROAD LINK ALASKA HIGHWAY

British Columbia is reported to be making good progress with a \$20,000,000 highway program which was launched this year, according to information received by officials of the Alberta Motor Association.

The minister of public works, Hon. E. C. Carson, said recently that every effort was being made to expedite the program though shortages of material had been a handicap during the current season.

New gravel crushing plants have been installed along the highway.

Recent reports say that steady progress is being made on the Prince George-Dawson Creek highway being built by the coast government. This is to form a coast

link with the Alaska highway. The highway has been cleared and graded for a distance of 125 miles west of Dawson Creek. Good bridges are being built and a highway 21 feet in width is being gravelled as rapidly as possible.

Work is also being advanced on some heavy construction. As there is some heavy construction on the mountain, it appears that the road will not be opened until 1948, instead of 1947 which was planned originally. The estimated cost of the project is \$6,000,000.

— 0 —

During the past two months 1,500 films turned over to the National Film Board by the Armed Services Film Pool have been distributed to film libraries across Canada.

#### U.S. TIMBER DISAPPEARING

The annual cut of saw timber in the United States, together with the natural losses, exceeds the growth by 50 per cent. In the eastern half of the United States, where more than three-quarters of the nation's commercial forest land is situated, the annual cut of greenwood is enough to sustain the present rate of cutting. Since 1923 the quantity of standing saw timber in that country has declined nine per cent from 1,763 to 1,601 billion board feet.

— 0 —

Canadian films are now seen by theatre-goers in the principal cities of Mexico. A new agreement with the Mexican City Mexican Film Company covers theatrical distribution of one National Film Board production a month throughout Latin America.

#### DEVILS IN TYPECASES CAUSE MANY ERRORS

Sometimes newspaper offices cannot escape the thought that a mischievous little devil lurks in the machines, adding or distorting letters, pulling out words to make the story ridiculous. The Times is frequently victim of these little devils. As our readers know full well, a printed letter has been our undoing many a time.

But all newspapers suffer the same embarrassment, and the Reader's Digest in the October issue quotes an example from a small Connecticut weekly which will appeal to all of us.

The little paper in the March 22 issue printed the ad:

"For Sale—Slightly used farm winch, in good condition. Very handy. Phone 366, R.R. A. Cartwright."

Apparently there were repercussions when the advertiser protested the use of the word "winch." So in the March 29 issue came the meek correction as follows:

"Correction—Due to an unfortunate error, Mr. Cartwright's ad. last week was not clear. He has an excellent winch for sale. We trust this will put an end to jesters who have called Mr. Cartwright and greatly bothered his housekeeper, Mrs. Hargreaves, who loves him with it."

Then in the next issue came the final blow-up from Mr. Cartwright. He expressed himself thus:—"Notice—My WINCH is not for sale, I have put a stodge-hammer to it. Don't buy it. Phone 366 R.R. no more. I had the phone taken out. I am NOT carrying on with Mrs. Hargreaves. She merely LI-VE-S here."—High River Times.

#### HOUSES TORN IN TWO

On the island of Barbados, British West Indies, travellers are curiously aroused by the sight of houses that appear to have been torn in two, with one-half still standing. First guess is that a storm has done the damage, but natives explain that these are "divorce houses," the remains of matrimonial storms. Among the blacks, it is the custom for the husband, when he leaves his wife, to post a notice of his departure, and then divide equally everything they jointly own. The house he also cuts in two and carries off his half. If the wife has sufficient money, she has the open side boarded up with new pitch pine.

#### EXPECT BIG DEMAND FOR CANADIAN WHEAT

Hon. J.G. Gardiner, minister of agriculture, says that 160 million bushels of wheat being taken by Great Britain this crop year will be about half this country's anticipated exports. He believes there will be no difficulty in selling a similar amount to other nations. Belgium is in the market for 20 million bushels; Brazil 15 million, as much as 10 million, Norway 5 million, and France Italy and Greece also require substantial quantities.

The British will pay \$1.55 a bushel, basis 1 northern at Fort William, for their requirements, also the carrying charge. Other nations will pay somewhat higher prices—whatever the market will bring.

#### NOTICE TOWN OF DIDSBURY

Motorists and truckers are reminded that the speed limit in the Town of Didsbury is 15 miles per hour, and anyone exceeding this limit is liable, upon conviction, to a fine not exceeding \$100 and costs, as provided by Town By-Law.

F.L. EVANS,  
Sec.-Treas.

#### TENDERS FOR HOUSE

Tenders will be received up to November 15th for the purchase of the "Pyke" property at the east end of town.

Highest tender not necessarily accepted.

TOWN OF DIDSBUY  
F.L. EVANS, Sec.-Treas.

#### TAX SALE NOTICE

TOWN OF DIDSBURY

Notice is hereby given, that under the provisions of the Tax Recovery Act, the Town of Didsbury, will offer for sale by public auction, at the Town Office, Didsbury, Alberta, on Monday, the 18th day of November, 1946, at 2 o'clock in the afternoon, the following lands:

Lots	Block	Plan
8 and 9	J	2678H
4	C	3881N

Each parcel will be offered for sale subject to the approval of the Minister of Municipal Affairs, and subject to a reserve bid, and to the reservations contained in the existing terms cash.

Canadian films are now seen by theatre-goers in the principal cities of Mexico. A new agreement with the Mexican City Mexican Film Company covers theatrical distribution of one National Film Board production a month throughout Latin America.

F.L. EVANS,  
Secretary-Treasurer.

## OUR COMPLETE SHORT STORY

## UNCLE JOE GETS A FALL

By M. T. COLLINS

Copyright Wheeler Newspaper Syndicate

**UNCLE JOE** has more complaints than half a dozen ordinary men. There's not an ache or pain that man's burdened with but he's sure to catch it. Rheumatism and the cold are his favorite ailments. Then he has his seasonal maladies, such as hay fever in summer and for the least thing during the winter, he's sure to catch a 'dose of a cold.'

In the kitchen the eight-day clock is never crowded out of the medicine shelf with its medicine bottles, pills and potions, but going to a doctor was something he wouldn't even consider.

Aunt Martha doesn't pay very much attention to all his morning and groaning, she's been listening to it for years. She claimed and that ate to her credit as Uncle Joe couldn't very sick unless it was from indigestion.

He had just finished his annual spring tonic, an omnibus smelling mixture made up for him by an old Indian that lived in the Big Swamp. It was enough to clear up his liver, and, consequently, he was nothing but a fat fettle.

"I'm going to go a little repair work on the barn," he told Martha, brightly. "I won't be starting work on the land until the hired man comes next week."

Martha nodded, busily making a pot of tea.

About an hour later she went outside to see how he was getting along and found him perched precariously high on the barn roof.

"Now you be careful, Joe Quimby!" Aunt Martha scolded sharply. "You're a long ways up in the air on that barn roof!"

Uncle Joe moved his crooked to a new position but did not deign to answer and mailed a shingle in a spot where the rain might leak through.

## Here's Effective, Really Gentle CONSTIPATION RELIEF!

Don't forget—the same Phillips' Milk of Magnesia that is so widely used for the relief of heartburn, gas or fullness due to overeating, is also a safe and reliable remedy for constipation. Just take 2 to 4 tablets of Phillips' with water. You'll be delighted with its effective, yet gentle action. And you'll be ready to start the day feeling on top of the world, thoroughly refreshed and alert. Ask for genuine Phillips' Milk of Magnesia at your drug store today. Keep it on hand always. Remember . . .

Hearts are little as  
25¢ TO BE SURE OF THE BEST  
MADE IN CANADA

are you tryin' to do?" He roared. "Git rid of me! I only fell off the roof. I'm as healthy as anyone."

"Yes, you most certainly are!" Aunt Martha replied. "You didn't hurt."

"The doctor says you're the healthiest specimen, he's ever examined. You you," she was really mad, "old faker!"

Uncle Joe looked flabbergasted, all his little subterfuges were being torn down.

"Tim through moly-coddlin' you!" Aunt Martha stamped. Then she suddenly laughed and stooping, kissed his bald spot. Whatever she said made Uncle Joe chuckle, but we didn't hear, because we were going out the door.

## Fashions

By ANNE ADAMS

## You'll Want This!

Here's the fashion star of the new season, a smart and becoming dress you can afford! Pattern 4952 has a keyhole neck, gathers at twin shoulder yokes.

This pattern is easy to use, simple to make, and includes complete illustrated instructions.

Pattern 4952 comes in sizes 12, 14, 16, 18 and 20. Size 16 costs takes 3 1/2 yards of fabric.

Sew twenty cents (20c) in coins (stamp cannot be accepted) for this pattern. Write S. S. X. Novelty and Sewing Co., 1000 Main St., Winnipeg, Manitoba.

## SMILE AWHILE

With the new year approaching school thus far for this term?

"That he'll have to be vaccinated, that his eyes aren't really mates, that his teeth need replacing, and that his method of breathing is entirely obsolete."

Mr. June Wed.—"What's wrong with this pie crust, darling?" "It doesn't half cover the pie."

Mrs. June Wed.—"I asked your mother how to make pies to suit you and she said to make the crust very short."

Chaplain—How could you have the heart to swindle people who trusted you?

Prisoner—But, Parson, people who don't trust you can't be swindled.

"Now, then, young man," demanded her father irritably, when he called for the tenth time, "what do you want with my daughter?"

"Wi-with her, sir? Well you know best what you can afford."

"Do you smile at your troubles as I advised you?"

"Yeah," and the boss warned me three times to stop that silly grin off my face and get to work."

Kentucky paper: "Anybody around my chicken house in the night will be found there in the morning."

Friend—But isn't your son sort of listless, Mr. Moneybags?

Mr. Moneybags—Heavens, no, he has a list of blouses, a list of brooches, and a list of bad heads.

"The maid is reading our mail, dear," said the wife.

"How do you know honey?" asked the husband.

"Because," replied the woman of the house, "she went and baked a birthday cake right after the mailman brought you a greeting card from Aunt Alice."

Magistrate: "You are sentenced to pay a fine of ten guineas, plus five guineas cost. Have you anything to say?"

Offender: "Rather. And if you promise not to increase the fine, I'll say it."

## PROPERTY DAMAGE

Canada Experienced 52,173 Fires During 1945

In the year 1945 there were 52,173 fires in Canada causing a property loss of \$41,903,020, according to figures released by Dominion Fire Commissioner W. L. Clairmont, Ottawa.

Across the country the greatest cause of fires was carelessness or smokers. This fact caused 17,582 fires with a value of \$10,461,561 and a loss of \$3,097,758.

An even greater property loss was caused by defective electrical wiring and appliances. These accounted for a loss of \$3,813,153.

Close behind in the list came fires caused by stoves, furnaces, boilers and smoke pipes. These caused 5,661 fires and a loss of \$2,490,498.

Overheated chimneys and flues were responsible for 3,768 blazes, hot ashes, coals and open fires produced 2,558 and sparks on roofs meant 1,362 calls for Canadian firefighters. Other causes of fires were gasoline explosions, lightning, other than electric, spontaneous ignition, matches, fireworks, friction and incendiarism.

## Life Span Of Fish

Cannot Be Told Accurately But Records Give Some Indication

How long do fish live, if left alone? It is not easy to take an accurate account of fish, because they live under the water, but some records which are useful, at least as far as trout are concerned.

The record holder in trout aquaria has a record of staying 20 years, large-mouthed bass living for eleven years, and whitefish which reached fifteen years.

Londish Zoological Gardens had a lungfish which reached nineteen years, and the British Museum has counts of European trout which lived for fifty-three years in captivity.

Fish in aquaria have lived for fifty-five years. Studies of salmon show that the rate of growth and age of a fish may be judged from the scales.

## Robbed of Sleep by Rheumatic Pain

But No Pain Now—After a Few Weeks of Kruschen

A mother's gratitude at being rid of such distressing pains caused us to write this letter:

"Used to have such dreadful pains in my knees and shoulders, so many kinds of my back, which would feel as though it would break. I had no ease especially at night . . . but since taking Kruschen I am a whole new person. I feel a different woman now. I feel much brighter and better in every way, and am able to continue with Kruschen."—(Mrs.) M.H.

"I used to have such dreadful pain in my knees and shoulders, so many kinds of my back, which would feel as though it would break. I had no ease especially at night . . . but since taking Kruschen I am a whole new person. I feel a different woman now. I feel much brighter and better in every way, and am able to continue with Kruschen."—(Mrs.) M.H.

Most rheumatic pain and swelling is caused by too much uric acid in the blood. This acid accumulates in the muscles, joints and tendons, irritate the nerves, and inflame the tissues. Kruschen Soothing Liniment relieves the pain by helping your system to dispose them and to pass them out of your body. This results in a general improvement which will continue with the little morning dose of Kruschen as a help against further attacks. Try Kruschen for the relief of rheumatic pain. 100g. 25c and 50c at your nearest drug store.

*Convenient*

## Creates New Art

Woman In Australia Uses Colored Wool To Make Beautiful Pictures

Twelve years ago Miss E. M. Richardson, an Englishwoman living in Australia, became interested in making pictures out of wool or cotton cloth, but without success.

Today she has developed a new art; her pictures, painted with Australian wools, are full of life color and have fine perspective. She has done pictures of such personalities as John Gielgud, Edwina, Greig, Jean Shrimpton and Thomas Edison.

Black and white portraits such as she does have never been done before, and few people have attempted landscapes in colored wools. She says that she cannot paint and has no other interest in art, yet her Australian scenes and misty-green English landscapes appear at a distance to be done in oils.

## Indian Harvest Time

Mount Seasonal Hunting And Festivities Would Soon Start

St. Louis was the time at which the Indian warriors returned from raiding enemy camps and the traders from traffic with their allies. The women of the tribe by this time were busy in preparing for the harvest and storing up their game.

One interesting Mohawk family group in the Ontario gallery of the Royal Ontario Museum shows the members hard at work, the men making bows and sap troughs, the women making mats and bags and weaving baskets. All looked forward to the time when the fall tasks were completed, and the rest of the year could be devoted to hunting, fishing and festivities.

## HOUSE FOR BENETT AD BRINGS NEAR RIOT

PITTSFIELD, Mass.—The first "For Rent" advertisement carried in the Berkshire Eagle in two years resulted in a near riot in front of the home of Mrs. Benedicto Crimini, the advertiser.

A line of cars formed that completely blocked traffic. Apartment seekers pushed and shoved their way to the Crimini front door. More than 200 telephone calls were received the first day. When it was announced that the apartment had been rented, several broke down and cried.

Diamond cutters, who serve at least a two-year trial period before being trusted with a good gem, practise diamond cutting on potatoes.

## It Could Be Done

Nat. Too Much To Hope United Nations May Yet Outlaw War

Gen. Eisenhower says he thinks the time has come when humanity is intelligent enough to do away with war. He says both the atom bomb and war itself should be outlawed.

Toddy she has developed a new art; her pictures, painted with Australian wools, are full of life color and have fine perspective. She has done pictures of such personalities as John Gielgud, Edwina, Greig, Jean Shrimpton and Thomas Edison.

Black and white portraits such as she does have never been done before, and few people have attempted landscapes in colored wools. She says that she cannot paint and has no other interest in art, yet her Australian scenes and misty-green English landscapes appear at a distance to be done in oils.

It may be too much to hope, but we are not yet ready to concede that.

## WOULD BE SOMETHING

First it was a gazelle boy who would run 50 miles an hour, and now it is six gazelle boys, each of whom can run faster than the previous one, according to the latest news, says the St. Louis Post-Dispatch. We are waiting for a gazelle boy who can run as fast as a rumor.

In Stuart days, it was the custom to put a piece of toast in the wine cup for flavor; hence the English expression, "drink a toast."

Mrs. H.W. Gabel spent a pleasant holiday in Calgary with her son, L. I. Gabel and family, and the Pretzels. They are now back in the district who are about to continue their vacation trip from Canada on to Buffalo, New York, visiting Mrs. Pretty's brothers and their daughter, Mrs. J.J. Atfield of Union City, New Jersey, U.S.A.

Frank Heselton, Jack McCloy, J. Topley and G. Morach have returned from a very unsuccessful vacation trip to the States. They had been there long after getting into the bush, their two horses with saddles broke away and the party returned when they could not locate their horses, which were owned by Mr. Heselton.

**LOCAL NEWS**

Mr. and Mrs. W.E. Birdsall have moved to their new home at Ogden.

Mr. and Mrs. W.D. Spence were Calgary visitors last Friday.

A.G. Stader was a Calgary visitor Friday.

Dance at Westerdale Hall on Friday, November 15th. Good music. Everybody welcome.

Ford Batteries—special long term warranty as well as low price and good performance.—At Cassidy's.

The Misses Margaret Hanson and Vivian Cuthness were business visitors in Calgary last Wednesday.

Dave Walder and Gordon Caithness returned from their hunt and Dave got a mouser, the only game shot.

Mr. and Mrs. Wilfred Skerry and Susan spent Sunday and Monday visiting with Mr. and Mrs. W. Falk at Sunnyslope.

Mr. and Mrs. J.B. Wilson of Fort St. John, B.C. were guests at the home of Mr. and Mrs. A.W. Ester over the weekend. While here they also visited Mr. and Mrs. Lloyd Chandler.

The Ladies Aid of the Westerton Lutheran Church will hold their Annual Sale at Westdale School on Thursday, November 14th at 8:00 o'clock. Everyone welcome. Lunch will be served.

At Casleto's Garage—a few new car tubes 6.00x16. and 6.50x16. Also some smaller sizes and a few 6.00x20. Have one tire 5.50x17. Place your orders for tires as some will arrive soon.

Mrs. Halverson and Mr. Jamieson were visitors from Cabri, Sask., to attend the wedding of Miss Jamieson.

—Don't forget the wedding dance at Melvin on Wednesday, November 20th, in honor of Emily Dupont Jr. and Miss Lola Devolin, whose marriage takes place in the afternoon.

The Mildmay Old Timers, with their master Rev. A.J. Grams, and Mrs. Grams, met at the home of Mr. and Mrs. J.V. Berchtold on Monday, Remembrance Day, the occasion being a real surprise on Mr. Berchtold's birthday. A very pleasant "old timer" was enjoyed by all.

Dave Grant arrived last Wednesday from Watertown and will spend the winter in the district. He was second engineer on the large freight train that was wrecked at Didsbury in the spring and says the train was soon fixed up and has proved an excellent means of transportation in the north country.

Wm. Habermus has just completed a 29-day harvest run, working for three different outfits. On his return he started with a threshing outfit and worked 16 days. The next outfit he worked with for 21 days and then joined a third outfit, getting in another ten days.

Frank Heselton, Jack McCloy, J. Topley and G. Morach have returned from a very unsuccessful vacation trip to the States. They had been there long after getting into the bush, their two horses with saddles broke away and the party returned when they could not locate their horses, which were owned by Mr. Heselton.
